I'm from Ukraine. Now I am in Wroclaw. I have been living here for 3 years. I am a quite active, open and motivated individual who demonstrates great knowledge in HTML, CSS, native JavaScript, React and TypeScript. Results - oriented professional with a successful record of cross browser semantic adaptive layout. Flexibility is one of my main features that is why I can adapt to any working conditions. Due to my strong analytical and critical thinking I can find simple solutions to complex problems. I have a high level of self-organization and self-development. I know how to find a common language with different people, and I am not afraid to take responsibility. I believe that our whole life is a constant continuous development. Therefore, I made my choice.
